An Unconditional Union Meeting.

On Saturday, the 25th day of June, 1864, at 10 o'clock, A. M., there will be held at Greencastle, Ind., a GENERAL MASS CONVENTION OF THE UNCONDITIONAL UNION MEN OF PUTNAM COUNTY, for the purpose of nominating candidates for the various county offices to be filled at the ensuing October election. Let every township in the county be fully represented by active and determined Union men. JOHN OSBORN, Chairman Union Co. Committee.

BROWNLOW'S KNOXVILLE WHIG.

A club for this paper is now being made at the Greencastle Post office, by C. W. Locke Smith, and those who wish to subscribe for it should avail themselves of this opportunity. It is useless to tell what the character of the paper will be; for Parson Brownlow, the editor, is known by everybody who is at all conversant with the history of the struggles of the Union men of East Tennessee. Call upon the agent at the post office and subscribe.

A VOICE FROM THE KIDNEY WORM.

CAPTAIN—MR. EDITOR:—The County Convention held here last Saturday was indignantly addressed, we understand, by the late Captain Jas. J. Smiley, of the 57th Ind., who, while in the service, was killed on a court martial or in his tent, and never in a battle! He told the audience that it was doubtful whether Indiana had a Governor or not, and exhorted them to roll up their sleeves and hurl Oliver P. Morton from power, stating that if he (Morton) remained in office four years longer the State would be ruined forever! A. G. P.

The Butternut Democracy held their

nominating convention at this place last Saturday. We were not present, but learn that the audience after getting through with their business, were addressed by the learned and erudite Jim Smiley in his usual eloquent "stud horse" style. The following is the ticket nominated:

For Representatives—Austin M. Puett and Samuel Collier.

For Senator—No nomination was made.

For Governor—(we learn,) to let Clay county have the candidate.

For Treasurer—William E. Barnett, of Reelsville.

For Sheriff—Greene Burrow.

Surgeon—Harrison M. Randall.

Commissioner, 2d District—Wm. D. Smythe.

A Brave Soldier Fallen.

Sergeant Enoch Alexander, son of William Alexander of Putnam county, of Capt. Lee's Company, (B), 59th Indiana Veteran Volunteers, fell mortally wounded in an engagement with the rebels near Hamilton, Ala., May 17th, 1864. Sergeant Alexander has been in his country's service more than two years, and had been a veteran. He has performed a gallant part in all the battles in which his regiment has been engaged, comprising those of New Madrid, Corinth, Jackson, Champion Hill, Vicksburg and Mission Ridge. He leaves a host of warm friends to mourn his loss.

We are indebted to Mr. A. R. Brattin, the efficient Express Agent of Adams' Co., on the New Albany Railroad, for late Louisville papers.

John Anderson, a refugee from Davidson county, North Carolina, wishes to find his relations who reside somewhere in Indiana, perhaps near this place. He has an uncle in this State by the name of William Anderson. Any information directed to him at this place will be thankfully received.

WHERE TO BUY YOUR PIANOS AND

MUSICAL INSTRUMENTS GENERALLY.—While in Terre Haute recently we called upon our former fellow-citizen and friend Mr. L. Kisser, the music dealer, who has recently left here and taken up his abode at Terre Haute, the beautiful "Prairie City" of the West. We found him on the South side of the Public Square, in a room nicely fitted up and containing a number of Pianos, as well as a complete assortment of musical instruments and their accompaniments. If our friends wish anything in the line of music they can't do better than to direct their orders to Mr. L. Kisser, Music Dealer, Terre Haute, Ind.

OLD FEATHERS MAKE NEW BEDS.

The inventive powers of man have no bounds. It has not only mastered the winds and tide, by the application of steam, overcome time and distance by the telegraphic wire; but it has actually rendered him capable of making new that which was old—Messrs. P. Strass & Co., now of this place, have in operation here, machinery by which feathers that have been in use for years, are directed of all uncleanness and moth and rendered even more light and lively than when new. Few people will fully appreciate the benefits of this invention or discovery, rather, until they examine its effects. We suppose there are hundreds—we might say thousands of our citizens whose feather beds have become low and apparently worn out, and who frequently remark that they must replace or replenish them. They need not do either of these; but if they desire to have them in their primitive state of plumpness, they have only to place them for a few hours in the hands of P. Strass & Co. And those who have fine beds of new feathers should have them put through the same renovating process as it will so completely free them from all impurities as to place them out of all danger of moth and worms. They will remain here for three or four weeks when they will visit our neighboring towns in the County.

A slight indication of public sentiment

is furnished by the recent election of Ingersoll as the successor of Owen Lovejoy in Congress. In November, 1862, Lovejoy's majority was a little rising 600; now Ingersoll carries the District over his Copperhead competitor by 5,000 majority, which is a gain of 1,500 over the Union majority last November.—Exchange.

St. Louis Horse and Mule Market.

St. Louis, May 28.

There is a strong demand on the part of Government contractors for both horses and mules. Some 400 head of horses and 200 head of mules have been bought by contractors at the stable of Woodruff & Dunn during the week, but they are not coming in as fast as desired. The prices paid are the same as last week, viz: \$140 for cavalry, \$140 for artillery horses and \$150 per head for mules 14 hands and upward high, always payable in vouchers. For other kinds of horses, as saddle, buggy and carriage, there is a firm demand for good animals at prices ranging from \$150 to \$250 per head. A good horse of any description will readily find a purchaser in St. Louis.—Sales at Morgan's St. Louis stock mart for the week ending Thursday, May 29, include 76 head horses, ranging from \$5 to \$112, averaging \$46. At Wiles' stables 59 head of plugs were sold at auction at an average of 70 dollars per head. We learn that this establishment is about to change hands, Mr. Wiles retiring.

REAL ESTATE TRANSFERS.

Elizabeth Thomas to Richard Lloyd, 40 acres in Russell township, for \$9,000.

TUNNEL HILL.—A correspondent says:

"The collection of houses known as Tunnel Hill reminds one forcibly of 'Porte Crayon's' descriptions of 'struggling towns.' Tunnel Hill is between 31 and 32 miles from Chattanooga, and its site, and the mountain sentinels which stand around make a very pretty amphitheatre. The railroad tunnel at the place is one of the most extensive, and one of the most expensive in the country and is not injured in the least. It is about 1,500 feet in length, 20 feet high, and 12 feet wide, and cut through solid rock. I must here add, since the word Chickamauga has been heard and is known throughout the world, that the creek by that name is crossed by the road from Chattanooga to this place twenty-two times."

Announcements for Office.

EDITOR BANNER: Please announce the name of FRANCIS M. FRIEND, of Washington township, as a candidate for Treasurer and Collector of Putnam county—subject to the decision of an Unconditional Union Convention.

THE SINGER MACHINES.

Our LETTER A FAMILY SEWING MACHINE is fast gaining a world wide reputation. It is beyond doubt the best and cheapest and most beautiful of all Family Sewing Machines yet offered to the public. No other Family Sewing Machine has so many useful appliances for Hemming, Binding, Felling, Tucking, Gathering, Gauging, Braiding, Embroidering, Cording, and so forth. No other Family Sewing Machine has so much capacity for a great variety of work. It will sew all kinds of cloth, and with all kinds of thread. Great recent improvements make our Family Sewing Machine most reliable, and most durable, and most certain in action at all rates of speed. It makes the interlock stitch, which is the best stitch known. Any one, even of the most ordinary capacity, can see at a glance, how to use the letter A Family Sewing Machine. Our Family Sewing Machines are finished in chaste and exquisite style.

The Folding Case of the Family Machine is a piece of cunning workmanship of the most useful kind. It protects the machine when not in use, and when about to be operated may be opened as a spacious and substantial table to sustain the work. While some of the Cases, made out of the choicest woods, are finished in the simplest and chastest manner possible, others are adorned and embellished in the most costly and superb manner. It is absolutely necessary to see the Family Machine in operation, so as to judge of its great capacity as a beauty.

It is fast becoming as popular for family sewing as our Manufacturing machines are for manufacturing purposes.

The Branch Offices are well supplied with silk, twist, thread, needles, oil, &c., of the very best quality. Send for a Pamphlet.

A VOICE FROM VICKSBURG.

Vicksburg, Miss., August 9, 1863. Dr. John Bull—Dear Sir: I am happy to state to you that I have used your valuable Cedron Bitters, with great benefit to myself, in general debility and prostration of my system, produced by the unhealthy and miasmatic influence of the Mississippi river and around Vicksburg, having been with General Grant's army throughout its whole South campaign. I confidently recommend its use to all persons who are exposed to unhealthy climates. H. W. FOGLE.

Agent U. S. Sanitary Commission.

Locustville, Ky., September 16, 1863.—On the 14th of July last I submitted through an agent of mine to the Medical Director of the Department of the Cumberland a sample of my Cedron Bitters for his inspection, and requested if, after analysis, he found it meritorious to sanction and approve its use among our soldiers.

The following is the Medical Director's reply and also Gen. Rosecrank's permission to ship 300 dozen at once to have it sold to soldiers.

"I am satisfied that Cedron Bitters will do no harm to any one if taken properly and in moderation. I see no objection to its being permitted to dispose of it to soldiers."

"A. HENRY THURSTON, Surgeon and Medical Director, D. C."

Headquarters Department of the Cumberland Nashville, Tenn., July 24, 1863.

Dr. John Bull's agent, Mr. J. H. Bull, has permission to ship to Nashville, Tenn., 25 gross (or 300 dozen) of Bull's Cedron Bitters, for sale to soldiers in the army only.

The regulations of the Treasury Department are to be complied with strictly.

By command of Major General Rosecrank, W. M. WILES, Maj. and Provost Marshall Gen.

For sale, wholesale and retail, by JEROME ALLEN, Druggist, March 3, Greencastle, Ind.

CANCERS CURED, OR NO PAY.

Dr. SWANK will be at the Jones Hotel, the 11th and 12th of each month, and will attend to the treatment of the various kinds of chronic diseases, and especially cancers, in the successful treatment of which he is scarcely excelled by any Physician in the West.—He cures them or charges nothing for his services. We have no doubt but what the Dr. will render general satisfaction to his patients, as he is a regular graduate of one of the best Foreign Medical Colleges in the United States, and stands high as a Physician in his profession; he has also an experience of some twenty years in practice, but the Doctor's reputation is too well known to need any recommendation.

The Dr. discards the use of all poisons making use only of innocent and effectual remedies, selecting and preparing his medicines himself. They are pleasant to take, not sickening nor debilitating, but bracing, and consequently patients are not deprived of doing moderate labor, as he requires a sufficient amount of exercise to promote health.

The Doctor discards the use of all poisons making use only of innocent and effectual remedies, selecting and preparing his medicines himself. They are pleasant to take, not sickening nor debilitating, but bracing, and consequently patients are not deprived of doing moderate labor, as he requires a sufficient amount of exercise to promote health.

If he thinks he cannot benefit them he will tell them, as it is no Physician's interest to deceive his patients; he carries a full supply of medicine, and charges low for his prescriptions.

See his Circulars which contain thirty-five or forty certificates of cases of Cancer he has cured. He has more than a hundred Cancers, preserved in spirits, which he took out.

FOND OF MEAT.—An English maid,
on whom we lately heard of, had a de-

was in all respects eligible, except that
he was a vegetarian, and when he pro-

REAPER & MOWER.

It is a two wheeled machine—the
wheels supporting the frame are both driv-
ing wheels, and drive the knives together, or
independently.

2d. There is no cog in the driving wheels.
3d. When not cutting, no cog in motion,
therefore in transporting, there is no wear.

4th. The knives never wear when the ma-
chine is backed, as it is backed as an empty
cog.

5th. The cutter bar is attached to the frame
by a double hinge, and allows an indepen-
dent action—either end of the bar rising
without affecting the other.

6th. The cutter bar is easily raised to pass
obstructions by means of the lever, which is
always under the control of the operator.

7th. The cutter bar is in front of the
driving wheels, and seat in rear, thus enabling
the driver to see the operation of the cutter
without interfering with his driving, and
avoiding those dreadful accidents which have
frequently occurred when the seat is directly
over or in front of the cutter bar.

8th. The cutter bar is folded across the frame
for transporting—thus making it as portable
as a baby.

9th. The wheel or cutter bar next the frame
prevents clogging when running over cut
grass, and also relieves the draft.

10th. It can be changed from a Reaper to a
Mower, and vice versa, in fifteen minutes.

11th. The platform does not support either
reel or rake.

12th. The reel is supported from the frame
of the Machine.

13th. No hubbing! The rake does have a
ceiling.

14th. It took the FIRST PREMIUM as a Mower,
and as a Combined Machine, at the Indiana
and Ohio State Fairs for 1863.

15th. It will run over 300 lbs lighter than
any other Mower or Reaper.

16th. WE CHALLENGE THE WORLD TO REAT
THE "BUCKEYE."

Give us your orders early, as we cannot ob-
tain any more Machines than we have now
bought, as the manufacturers have orders for
3000 more Machines than they can possibly
make.

Call and look at the IMPROVED BUCKEYE.

Notice

To all those who are indebted to the
Trust Funds.

THERE are several classes of Debtors to the
Trust Funds of Putnam County, viz:

1. Purchasers of land, Borrowers with mort-
gage security, and Borrowers with personal
security. As the provisions of the law do not
seem to be generally understood by the people,
after a thorough investigation of the law I
state the following facts:

2. All Debtors of the Funds having certificates
are informed that the time of the payment of
the purchase money has in nearly all cases ex-
pired, and a reasonable time will be allowed
them to present their certificates and receive
the land.

3. Mortgage Borrowers are notified that the
law requires the interest on all mortgages to be
paid annually in advance. Many such bor-
rowers are behind one, two and three years; and
if prompt payment is not made in these as well
as in all other cases, I shall be compelled by
law to sell all forfeited mortgaged lands.

4. All those who know themselves indebted to
the Funds by note are informed that all such
notes must either be paid in full or secured by
mortgage. The law does not authorize the
County Auditor to loan money on note alone,
and such notes must be paid.

5. To all Debtors of the Funds a reasonable
time will be allowed for coming up to the
Office and settling. If not settled or arrang-
ed, the law must take its course.

PETERS, WEBB & CO'S

Gently Improved New Scale, Overstrung

PIANO PORTES.

HAVING, for the last four or five years,
been engaged in the sale of Peters,
Webb & Co's OLD SCALE PIANOS, which
have never failed to give entire satisfaction
both to Professors and Players, and to the
public generally, and have for several years
consecutively taken premiums in different parts
of the country over those of the first class
manufactured in the East. I now take pleasure
in offering to the public their newly improved

OVER STRUNG NEW SCALE PIANO PORTES.

which are considered to be very superior
to their old ones, as the new instruments are
three inches wider than the old, interest-
ing the size of the sounding board proportion-
ately, while the bass strings pass over these
of the middle and treble reaching to a part
of the sounding board where a greater force
of vibration is obtained, at the same
time giving greater length and size of string
which produces a heavier and deeper
tone. And as Peters, Webb & Co. are the
only extensive wholesale manufacturers of
Pianos anywhere in the whole western coun-
try, they have every facility for procuring the
proper material and of seasoning the same in
a proper manner to withstand the influence
of the weather of this western climate, it is
but just and reasonable to suppose that their
Pianos are in a much higher degree those
essential qualities, than those of any other
make in the country. They have heavy
wooden frames over which is placed a very
heavy iron frame, rendering it impossible
for the instrument to get out of tune, except by
the natural stretching of the strings. The action
is most simple in its construction, causing
but little friction; and the task to the tuner
of regulating and tuning is consequently easy
in the extreme. I will give below a few (and will from time
to time insert others) certificates of practical
Piano tuners, who have had long experience
in tuning and regulating Peters, Webb & Co's
Pianos, as well as those of Eastern manu-
facture generally, and have kindly taken notes
with certificates of the results of their long ex-
perience.

IF those who want a first class Instrument
and at low figures, would do well to call and
those kept by me as my prices are very low.

IF INSTRUCTION BOOKS of all kinds sold
as low as they can be bought at any place
East or West, and the only place in Green-
castle, Ind., where you can find the Music of
the latest publications. Rooms on South Side
of the Public Square. T. J. JOHNSON.

CERTIFICATES.

Evansville, Ind. Sept. 14, 1863.

The undersigned, practical Piano Forte
Tuner, residing in Evansville, Indiana, has
had many years' experience in tuning Piano
Fortes. He considers those from the house of
Peters, Webb & Co. as unequalled in those
respects wherein the chief value of the In-
strument consists. They wear well and are
less liable to get out of tune than any other
instrument with which I am acquainted. I am
convinced that there is no better Piano to
be had in this country.

C. W. WARRAN.

Louisville, Ky., July 28.

Having had many years' experience with
Peters, Webb & Co's Pianos, I can with con-
fidence recommend them to those who are not
to be surpassed for durability, for richness
depth of tone, and for remaining in tune, by
those of any other manufacture.

J. B. BAKER,
Piano Forte Tuner.

Sandusky, Ohio, Sept. 14, 1863.

For the past ten years I have followed my
profession—that of tuning and repairing Pi-
ano Fortes—in the State of New York, Penn-
sylvania, Ohio and Indiana. I have neces-
sarily had occasion to examine to the bottom
the various makes of Pianos in general use
throughout the country, and my long experi-
ence has taught me to distinguish the pecu-
liar excellences and defects of each. In the
course of my professional life, I have seen
stand better in tune or retain its original
tone better after years of usage.

A Last Appeal!

THE County is behind, in the collection of
Interest on the School Fund, the sum of
One Thousand and Thirty-Seven
Dollars.

The County for several years has been re-
ported Delinquent to the Superintendent of
Public Instruction on the Collection of Inter-
est. And under the law the County Board are
compelled to draw an order on the County
Treasurer for the delinquency of interest.
Will not, therefore, the Delinquent Borrower
come up and settle, so as to save the Tax-
payers of Putnam County this additional ex-
pense? It may be you are not as much delin-
quent as the books show you to be. Bring
your receipts and your money, and let us have
Putnam County free from the stigma of being
delinquent. Respectfully,
Feb. 25 E. T. KEIGHTLEY,
